"We love our Children"

The HOSPITAL FOR SICK CHILDREN

GREAT ORMOND STREET,
LONDON.

HIS ROYAL HIGHNESS THE PRINCE OF WALES *writes*:-

"Something which you may help with the confidence that you are really doing good."

The Story of our work in pictures

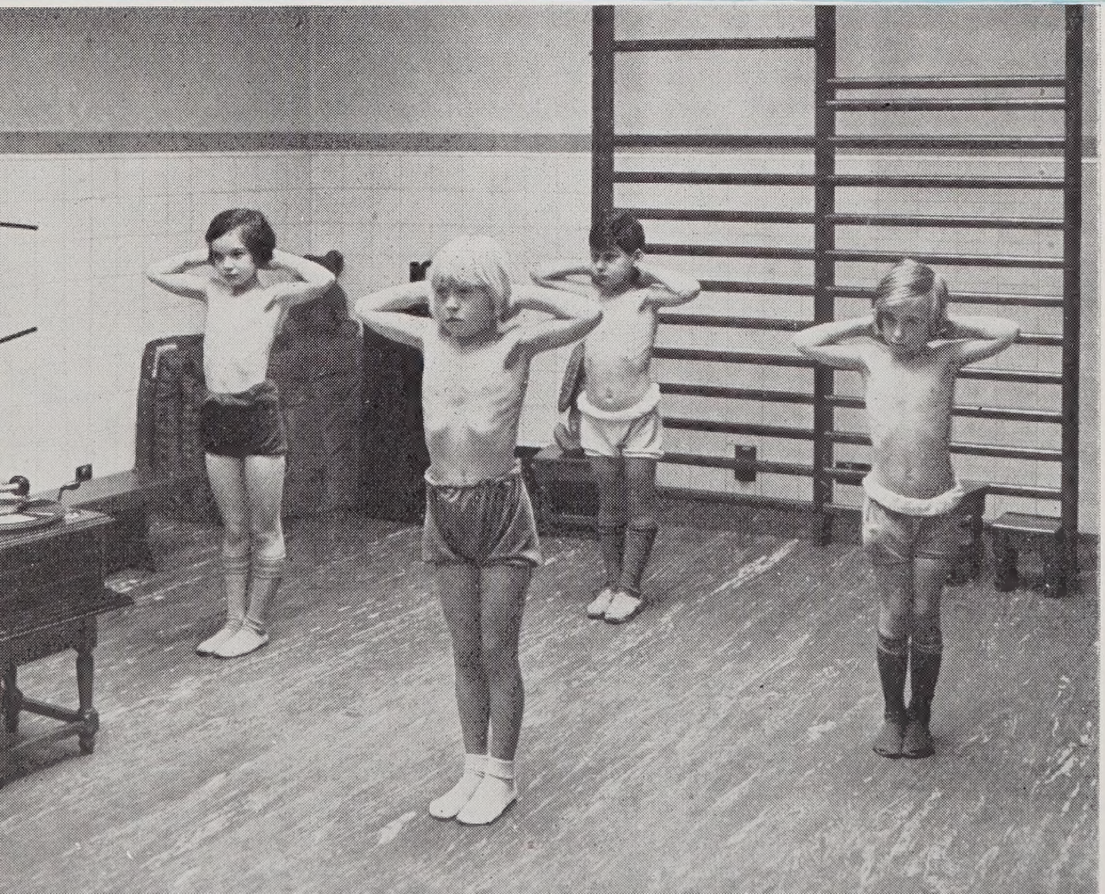
Children come to us for healing from every part of the country. None are over twelve years old.

AN important step in judging progress. Weight has a greater significance in the growing creature than in the adult.

THE nurses prepare the children for minor operations while they sit on mother's lap. The babies find other babies interesting and the mothers can exchange views.

Everything that skill, science and care can do is done for them here.

THE happy ending! Children building up their strength before returning quite fit again to mother and father.



The maintenance of this Hospital with all economy compatible with efficiency is £70,000 each year.

"Faith, Hope and Charity." We have the first two. Only you can give the third.

A lot of people can afford a small amount. A small amount can afford a lot.

WE ASK *ALL* TO DO THEIR SHARE IN HELPING US TO LOOK AFTER THE CHILDREN

Some reasons why Great Ormond Street deserves YOUR *help*

- It is the oldest Children's Hospital in the Empire.
- It receives 7,000 little patients in its wards from every part of the country each year.
- It has 107,000 out-patient attendances each year.
- It carries on unceasing enquiry into the causes, prevention and cure of children's diseases.
- It is a training school for doctors and nurses who propagate the lessons learnt at the Hospital throughout the world.

IT IS A VOLUNTARY HOSPITAL AND RELIES UPON YOU FOR ITS FUNDS.
